JUSTLHASA@GMX.COM

Tech enthusiast with a background in Indigenous Student Assistance and Sales seeking opportunities to leverage technical skills and creativity in UX/UI design within the tech industry.

EXPERIENCE

Indigenous Friends Association, Toronto — *Student/Intern*

June 2023 - February 2024

Gained hands-on experience in various tech skills and obtained relevant certifications during internship tenure

All Around Roofing, Hawaii USA — *Sales Representative*

Seasonal 2020 - Present

Demonstrated exceptional sales skills by effectively selling products and services, including on-site demos and presentations to clients

True North Labour, Burnaby — *Onboarding Specialist and Account Manager*

March 2017 - August 2019

Managed onboarding processes for new employees, ensuring seamless integration and compliance with company policies

EDUCATION

Indigenous Friends Association (IFA), Ont — *IndigiTECH*

June 2023 - February 2024

I acquired hands-on experience in various technical skills and collaborating on real-world projects. Guided by experienced professionals, I developed proficiency in programming languages, web development, and software frameworks. Additionally, I stayed updated on industry trends through workshops and training sessions, fostering both technical expertise and professional growth.

Simon Fraser University, Burnaby — *Bsc Health Science*

September 2011 - December 2017

PROJECTS

UX/UI Design Projects — IFA *Internship*

Gained practical experience in conducting user research, creating wireframes and prototypes, applying UI design principles, and conducting usability testing. Through collaboration with teams, I effectively communicated design ideas and became proficient in industry-standard design tools. Overall, my internship provided me with hands-on experience in user-centered design principles, design tools, and collaboration skills essential for a career in UX/UI design
